

# ***"They're Playing Our Song"***

***By Neil Simon, Lyrics by Carole Bayer Sager, and music by Marvin Hamlisch***

An endearingly funny and romantic story of an established composer and his relationship with a zany, aspiring young female lyricist. This crazy couple find that they are romantically drawn to each other, but their professional and personal successes and difficulties lead to one hilarious scene after another. Will their attraction to each other overcome the obstacles created by their wildly different personalities and temperaments?
